1 / 1

FIGURES 2-31-2-34

Follow each row left to right.

A linked jumping switch; practice the landing before adding height.

STEP 1

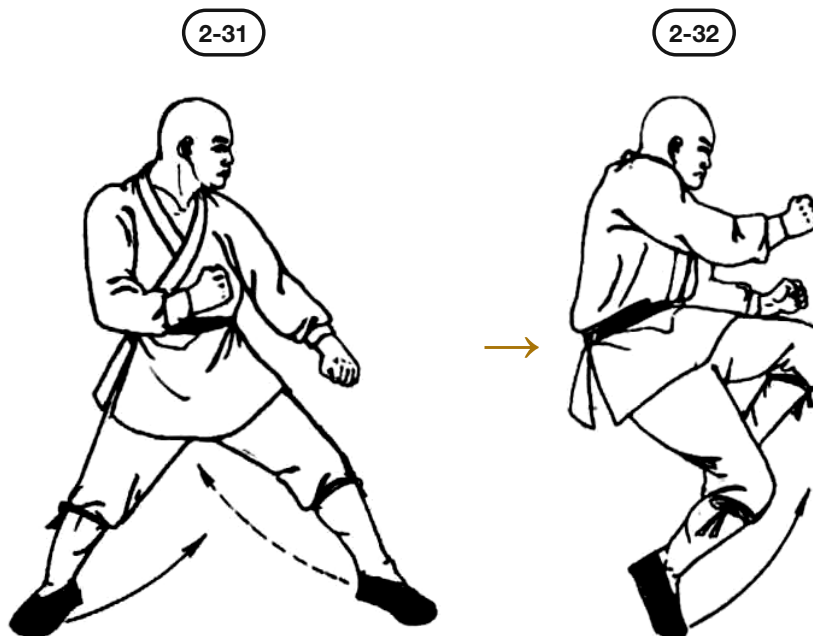

Load and lift

ACTION

Bend the knees and spring upward as the feet begin to exchange positions.

KEY POINT

Use only enough height to clear the floor.

STEP 2

Switch and land

ACTION

Complete the foot switch in the air and land in the opposite stance.

KEY POINT

Land softly on both forefeet with the knees bent.
