FIGURES 2-56-2-57

Follow each row left to right.

A linked forward body evasion from the guarded stance.

STEP 1

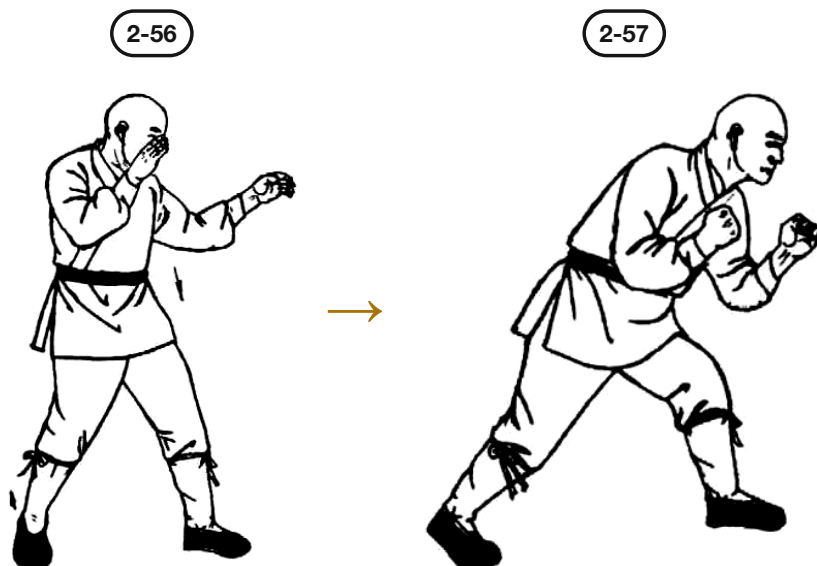

Fold forward

ACTION

Incline the torso forward from the hips while the stance remains rooted.

KEY POINT

Keep the neck long and avoid rounding sharply through the lower back.

STEP 2

Recover upright

ACTION

Drive through the legs and hips to return to the guarded posture.

KEY POINT

Rise without throwing the head backward.
