FIGURES 2-60-2-61

Follow each row left to right.

A linked lateral body evasion; it is not a drop to the floor.

STEP 1

Shift sideways

ACTION

Move the hips and incline the torso to one side while maintaining the stance.

KEY POINT

Keep weight supported through the legs rather than hanging on the lower back.

STEP 2

Recover the line

ACTION

Return the torso to center and reform the guard.

KEY POINT

Use equal control on both sides.
