FIGURES 1-15-1-15

Follow each row left to right.

One posture, divided into entry and alignment checks.

STEP 1

Enter with support

ACTION

Slide the legs forward and back while keeping both knees straight. Use the hands on the floor to control the descent.

KEY POINT

Stop above the floor whenever the pelvis twists or either knee bends.

STEP 2

Settle and align

ACTION

Lengthen the legs into one front-to-back line. Keep the rear instep and the front foot aligned as shown.

KEY POINT

Lower gradually; never bounce. Practice both lead-leg versions.
